GMC PrintNet T
Training

Day 1 : Workflow and Input

Agenda

1. **Workflow Introduction**
2. **Data Inputs**
3. **CSV**
4. **Fixed Length**
5. **Multiple Record**
6. **DBF**
7. **CustCode**

PrintNet T
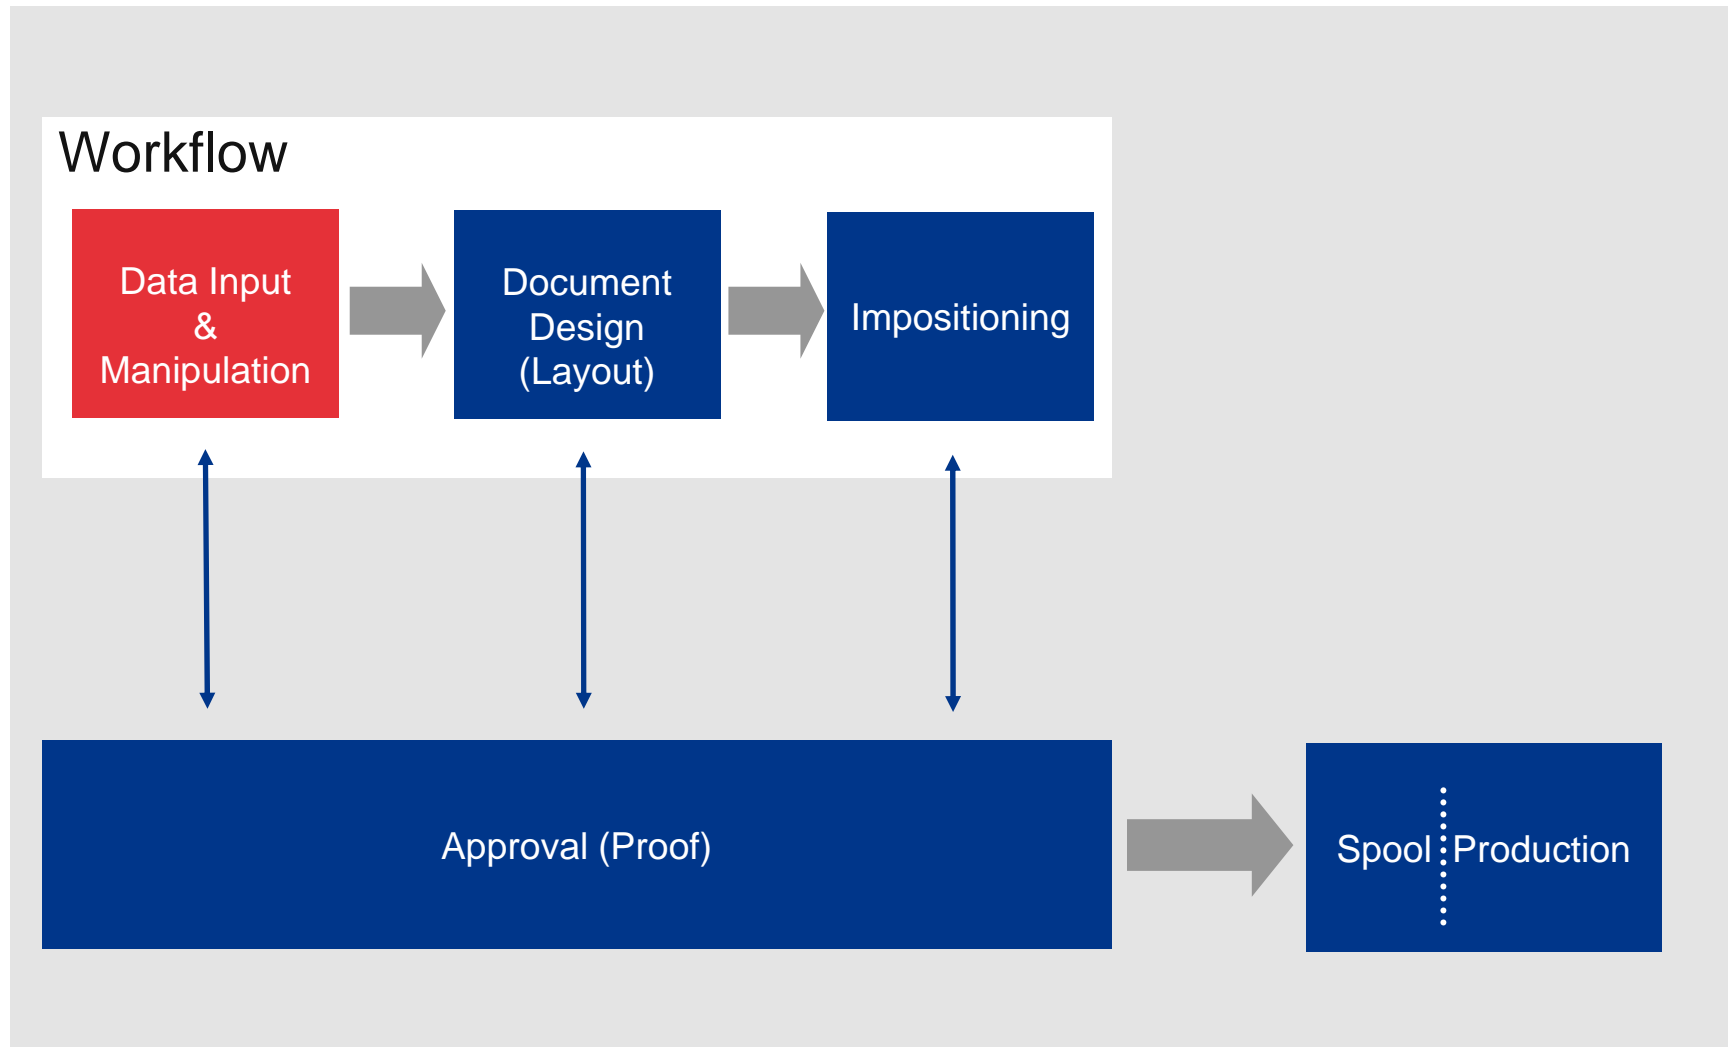

📖 Introduction Data Input

Define data structure that will be used later for layout design.

Module list
- **Data Input**
- ODBC Data Input
- Internal Data Input
- Script Data Input
- XML Data Input
- Parameter Data Input
- External Input

PrintNet T

Context Schema

Data Input – PrintNet T

Day 2:Introduction to Data Processing / Data Structuring

PrintNet T

Agenda : Data Processing Module

Data Processing

- Data Group By
- 1-1 Merger
- Data Cacher
- Data Filter
- 1-Many Merger
- Data Precise
- Data Transformer
- Data Add
- Data Sorter
- Record Filter
- Text Replacer
- Data UnGroup
- MinMax Generator
- Data Concatenator
- Data Histogram
- PDF Bookmarks
- Data Pass Through
- Data Field Renamer
- Personalized URL
- AFP Index
- Check21 Reader
- Data Remapper
- Email Gateway Data
- Data Caser
- Data Repeater

Data Structuring – PrintNet T

Day 3 : Template / Layout Design and Native Files

PrintNet T

Agenda : Template Design

PrintNet T

# Day 4 : Impositioning and Output

PrintNet T

Introduction : Impositioning Module

Impositioning

- Simple N-Upper
- Booklet Maker
- Sheet Transformer
- Sheet Concatenator
- Sheet Duplexer
- Sheet Filter
- Sheet Mixer
- Sheet NS Splitter
- Sheet Regrouper
- Sheet Duplicator
- Sheet Backgrounder
- Sheet Padder
- Marks Inserter
- Sheet Sorter
- Sheet Inserter
- Group Filter
- Region Binder
- Media Pattern Filter
- Imposition Script
- Sheet Multiplexer
- Sheet Content Modifier
- Text In Rect
- Saddle Stitch
- Select N Groups
- Sheet Aligner

Impositioning – PrintNet T

Introduction : Output Module

PrintNet T
